

Do you trust your information?

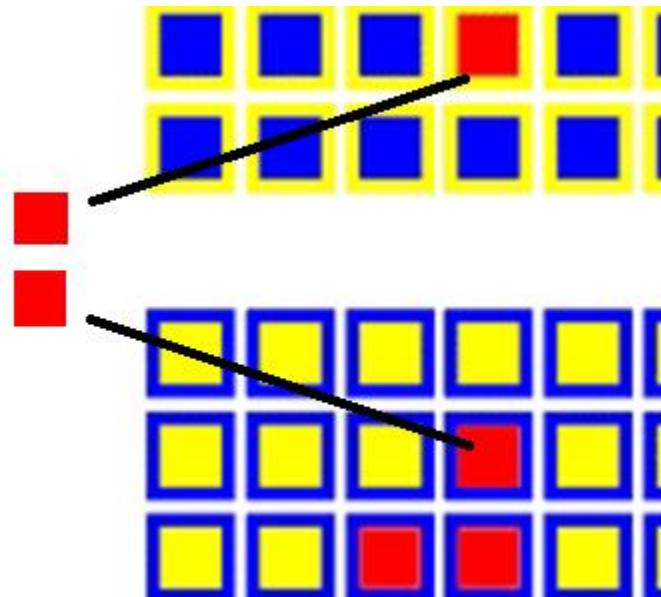

Life is an illusion ... or at least ...
it's full of them ...

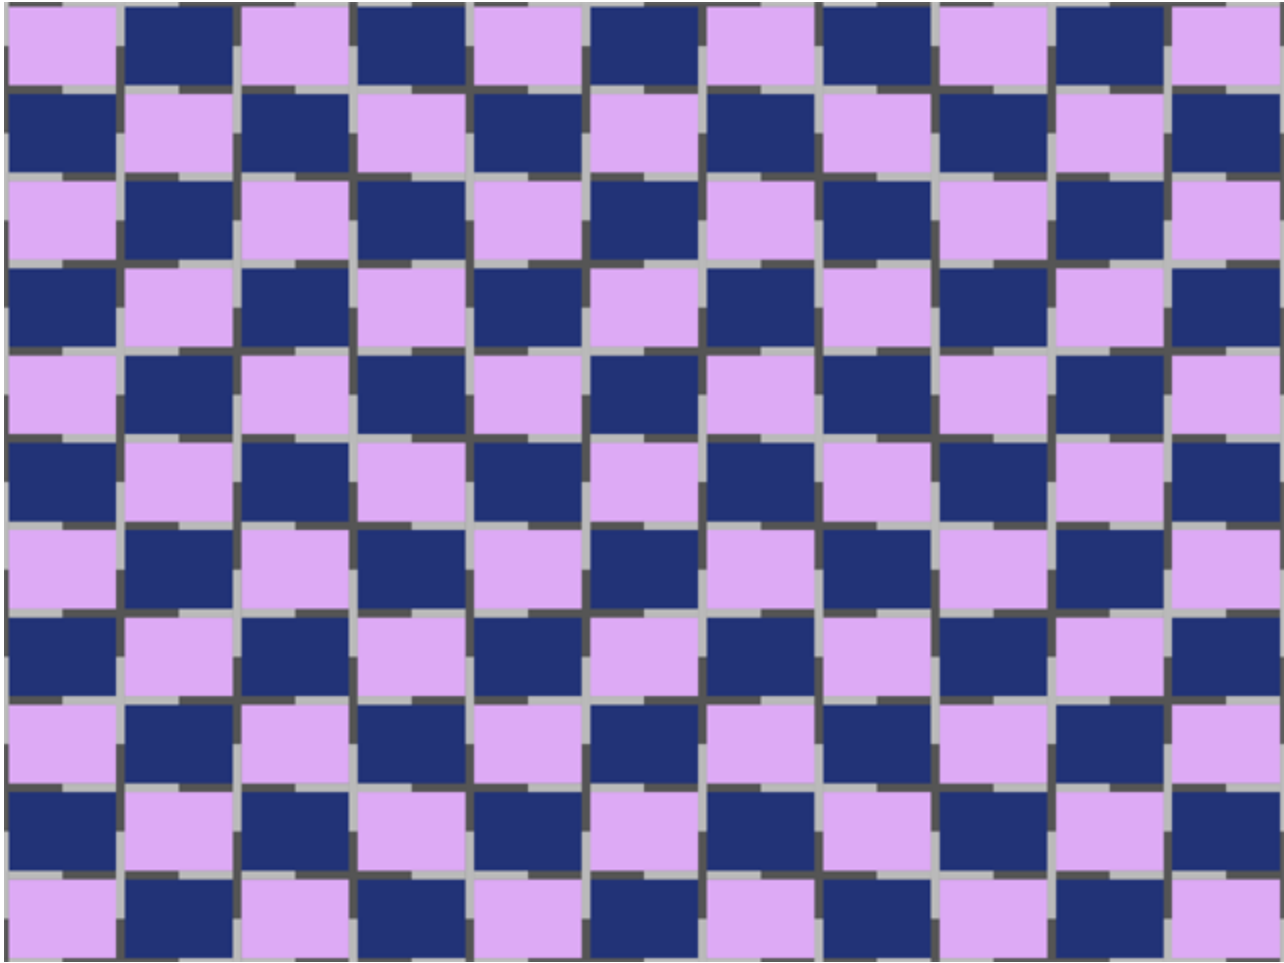

AND our mind often fills in the gaps
... incorrectly.

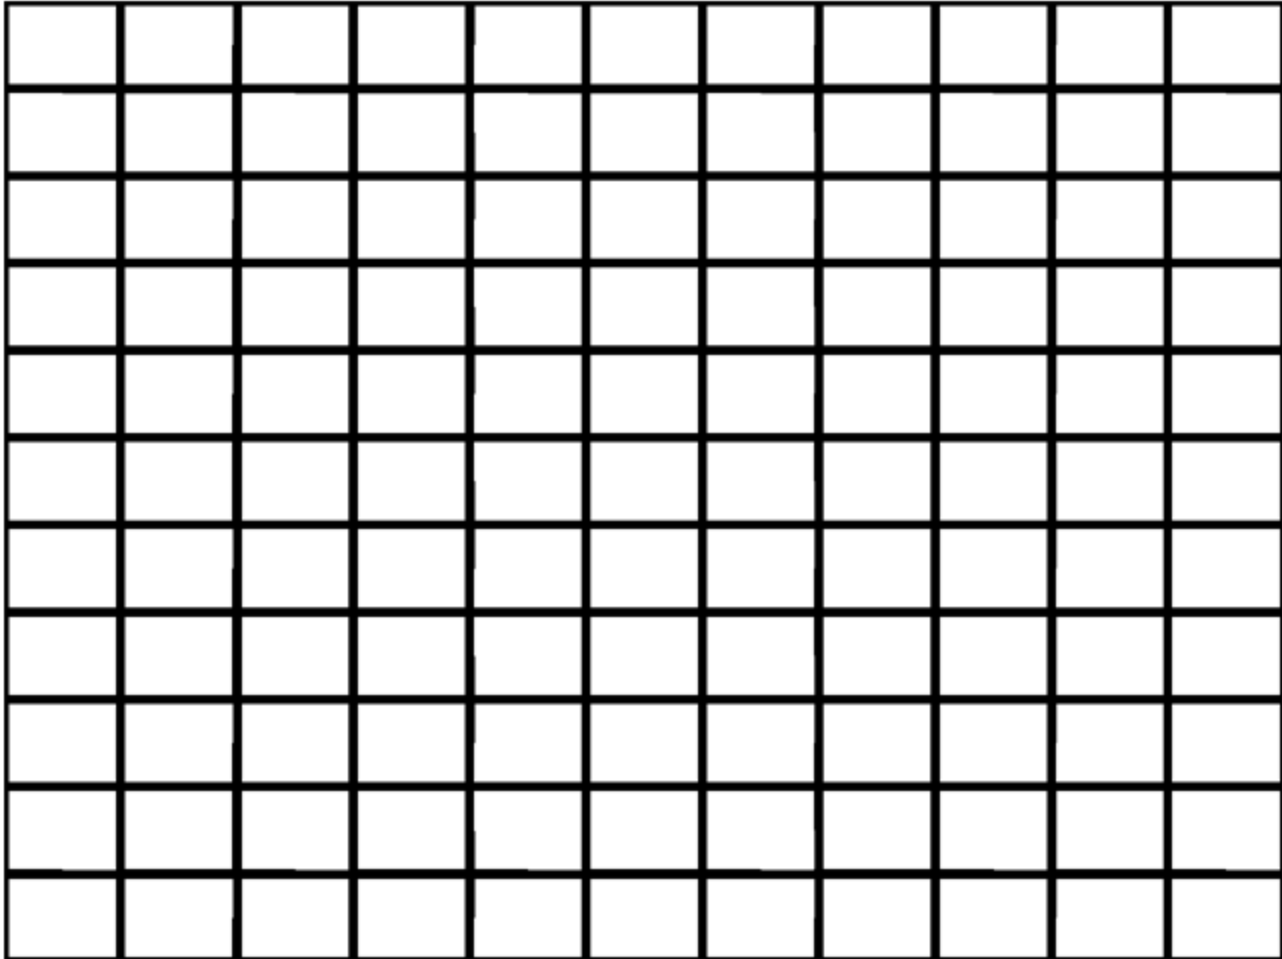

Are the arrows the same color red?

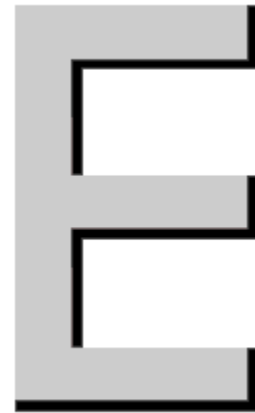

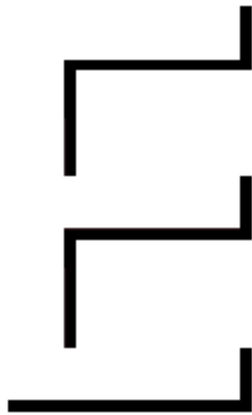

Are the lines straight?

What's this?

What's this?

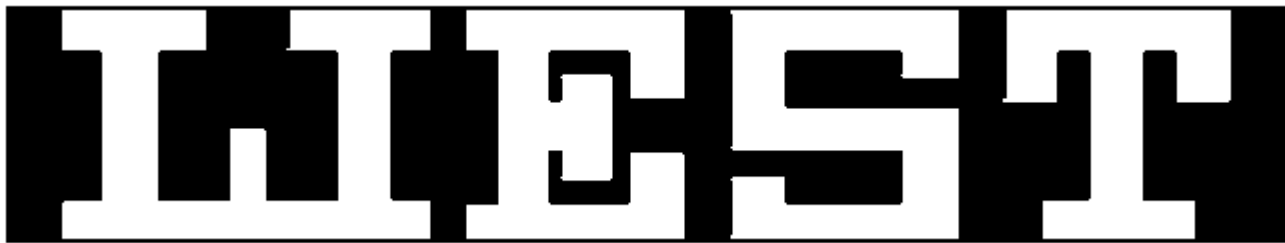

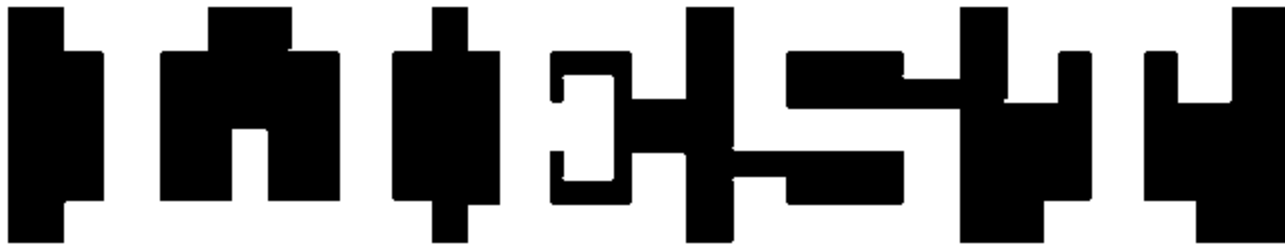

What's this?

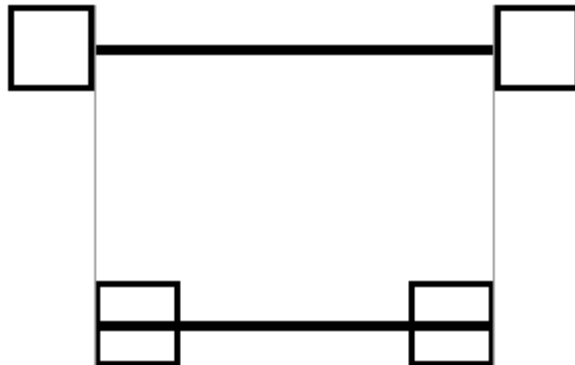

Cow

What's this?

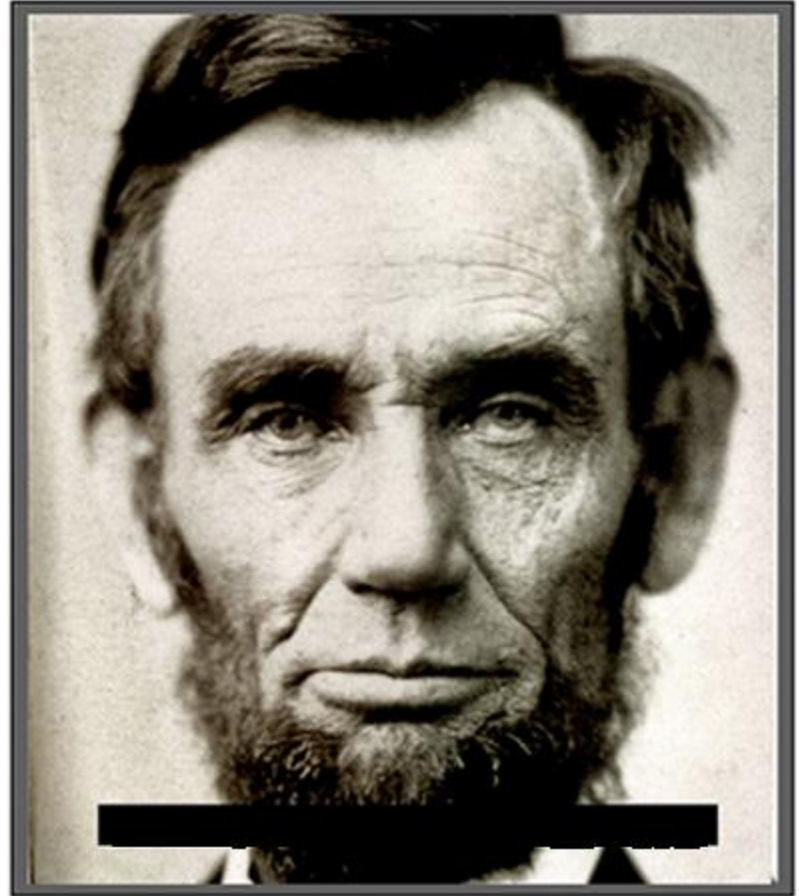

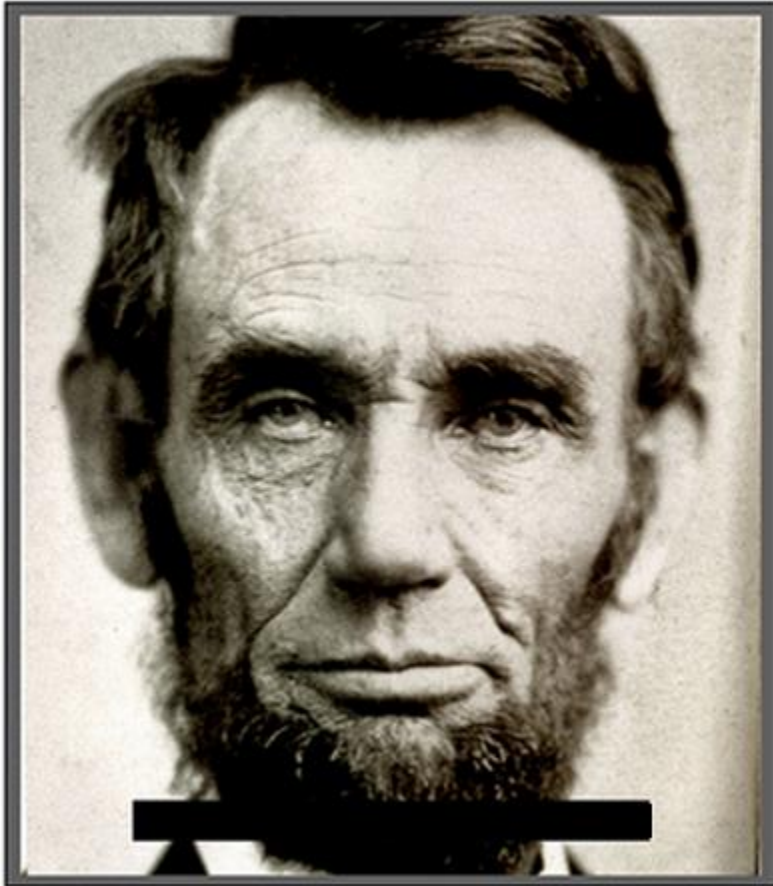

Are the two lines the same length?

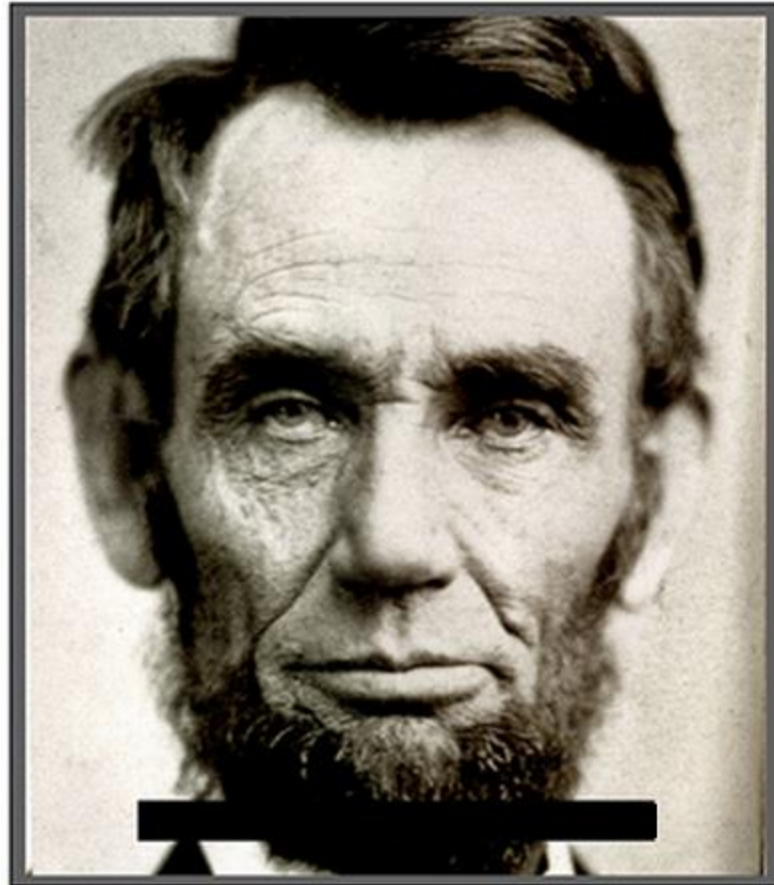

Yes

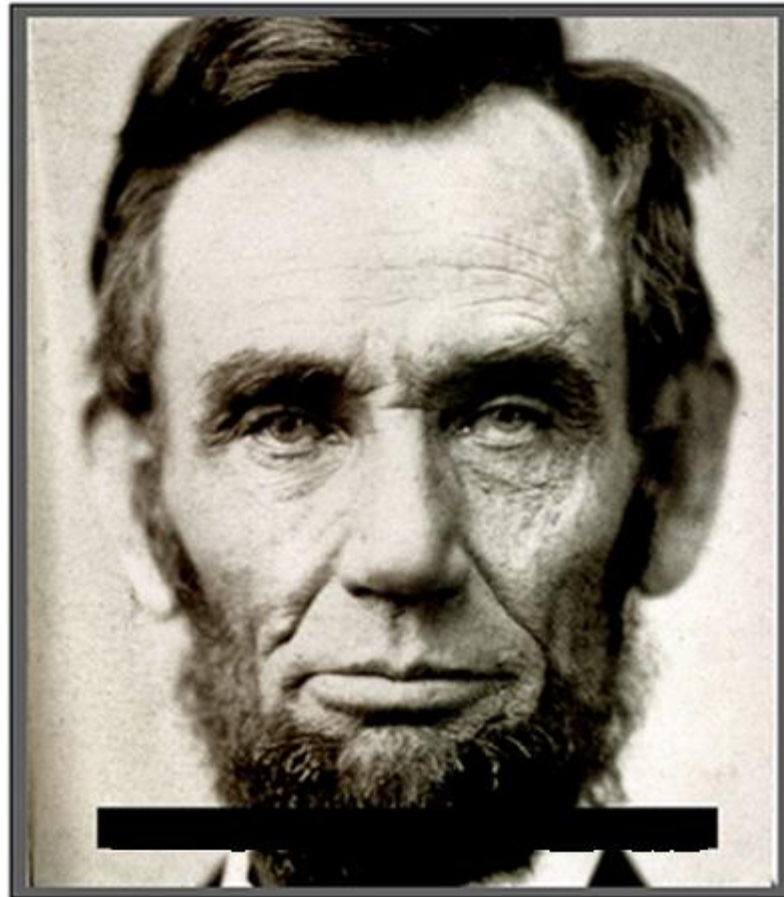

Which man is more trustworthy?

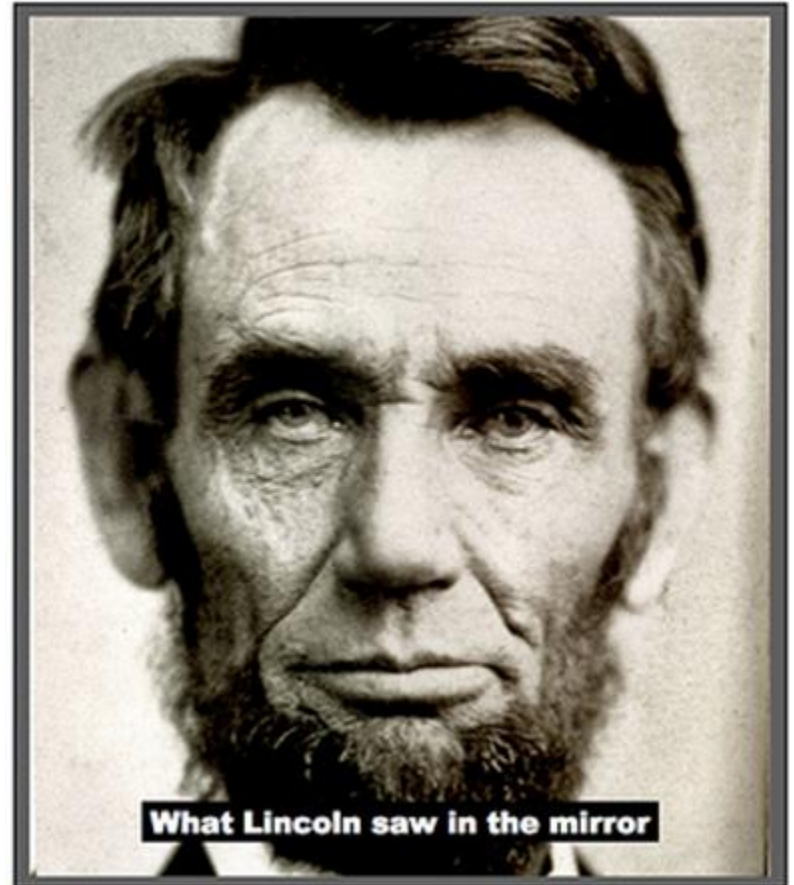

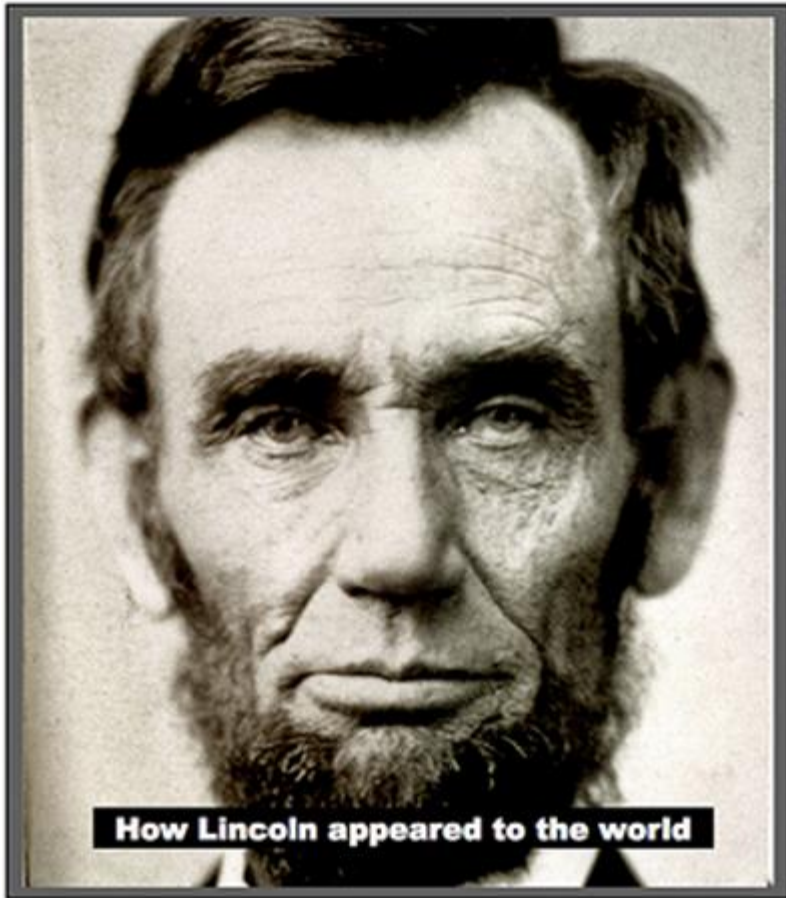

Which man is more trustworthy?

Which man is more trustworthy?

Which man is more trustworthy?

Be careful ... what you see
may belie
what you think.

What is this?

A tomato!

What is this?

A dog!!

What are these?

It's a lamp!

A pair of shoes!

And ... finally ... an analyst sees a story in everything.
